

Free Event

New Phase of Cleaner Production Partnership Programme (2020-2025)

Demonstration project:

E14-Use of energy efficient water-cooled chiller equipped with oil-free magnetic-bearing centrifugal compressor to save energy

A02-Installation of automatic screen printing system replacing the conventional manual screen printing to save paint and solvent and reduce volatile organic compounds (VOC) emissions

Background

In April 2008, the Environmental Protection Department launched the Cleaner Production Partnership Programme (the Programme) to encourage and facilitate Hong Kong-owned factories in Hong Kong and Guangdong to adopt cleaner production technologies and practices, thereby contributing to improving the environment. In the light of the environmental benefits brought by the Programme, the Government of the HKSAR has extended the Programme until 31 March 2025 with a funding of \$311 million.

To encourage businesses to adopt energy-saving and emission-reducing technologies, our program provides funding to eligible companies for assessing energy-saving, emission-reducing, and resource-saving in their factory. It also supports the installation of equipment to enhance their clean production efficiency.

To promote clean production technologies, this visit will showcase a demonstration project which is 惠陽科惠工業科技有限公司. The demonstration project is " **E14-Use of energy efficient water-cooled chiller equipped with oil-free magnetic-bearing centrifugal compressor to save energy**" and " **A02-Installation of automatic screen printing system replacing the conventional manual screen printing to save paint and solvent and reduce volatile organic compounds (VOC) emissions.** " During the event, detailed explanations will be provided regarding the on-site equipment and technical principles of the demonstration project.

Date and Time	28 Nov 2024 (Thur) 14:30-16:00
Location	惠陽科惠工業科技有限公司 *(地址: 惠州市惠陽經濟開發區科惠科技園) (No English name and address provided)
Language	Putonghua and Cantonese

*Participants are responsible for arranging their own transportation.

Registration Methods

Online registration (Please [click here](#) to complete the registration) or fill out the following registration form and email it to event@cleanerproduction.hk.

Company Name : _____

Address : _____

Name : _____ Job Title : _____

Email address : _____ Phone number : _____

Identification HKID: _____ Resident Identity Card: _____

Documents:

Other : _____

(Not applicable for online participation)

Important Notes:

- (1) The organizer reserves the right to set a maximum number of participants from each company based on the actual registration situation. The interviewing organization also reserves the right to select the final participants.
- (2) Non-mainland residents must hold a valid Home Return Permit or documents for entry into the mainland. Mainland residents participating in the factory visit must provide a copy of their ID card for insurance purposes. (Not applicable for online visits)
- (3) Insurance for the factory visit must be arranged three working days before departure, and participants cannot request a name change after that. (Not applicable for online visits)
- (4) The organizer will submit the information provided by the applicants to the relevant organization for the arrangements of the factory visit.
- (5) During the visit, please refrain from taking photos without the consent of the interviewing organization.
- (6) Participants are responsible for their behaviour during the event. If any inappropriate behaviour leads to actions taken by the relevant organization, the organizer will not be held responsible.
- (7) The event will be postponed or cancelled under the following circumstances: (a) Typhoon signal no. 8 or above, or a black rainstorm warning signal is still in effect at 11:00 am; (b) The Hong Kong Observatory announces the hoisting of typhoon signal no. 8 or above, or a black rainstorm warning signal at 11:00 am or later; or (c) Unforeseen circumstances. The organizer will notify participants as soon as possible regarding the relevant arrangements.

Hong Kong Productivity Council intend to use the personal data that you have provided to promote the latest development, events and training courses. If you do not agree on such use of your personal data, please indicate your objection by ticking the box below.

I do not agree Hong Kong Productivity Council to use my personal data in any promotion and marketing activities of Recycling Fund.
