1. GENERAL

1.1 Background

- 1.1.1 The Government of the Hong Kong Special Administrative Region (the Government) has attached great importance to the sustainable development of the logistics industry. Under the Action Plan on Modern Logistics Development promulgated in October 2023, it is the Government’s target to accelerate the high-quality development of logistics industry and develop Hong Kong into a sustainable international smart logistics hub focusing on high-value goods and the e-commerce markets.
- 1.1.2 The logistics industry has been evolving rapidly over the past decades with the booming of e-commerce and the increasing importance of sustainable development. With a view to helping the logistics sector to nurture more professional talents and to encourage in-service practitioners to equip themselves with up-to-date knowledge to support the industry to upgrade and transform itself towards the direction of green and smart, the Government launched the Professional Training on Smart and Green Logistics Scheme (PTSGLS, the Scheme) on 8 January 2024 under the Maritime and Aviation Training Fund (MATF)¹. The Scheme has been enhanced with effect from 4 October 2024 to, amongst others, include courses that operate on a self-financing basis with a view to providing more diversified course options to logistics industry practitioners².
- 1.1.3 The Scheme is overseen by a Steering Committee of the PTSGLS under the Subcommittee on Industry Development (hereafter referred to as the “Steering Committee”) of the Hong Kong Logistics Development Council³ (hereafter referred to as “LOGSCOUNCIL”). The Steering Committee will assess the applications for inclusion of new training courses on List of Pre-approved Courses under the Scheme.
- 1.1.4 The Government has engaged Hong Kong Productivity Council (HKPC) as the implementation partner of the Scheme to provide Secretariat support (“the Secretariat”). This Guide to Applicants for Refund of Course Fees (hereafter referred to as “Guide to Applicants”) sets out the details of the Scheme.

¹ The Government established the MATF in 2014 to support the manpower development of aviation and maritime industries, so as to enhance Hong Kong’s competitiveness as an international maritime centre as well as an aviation and logistics hub. In supporting the sustainable development of logistics industry, as announced in the 2023-2024 Budget, the Government has injected \$200 million to the MATF to provide more dedicated funding support to strengthen manpower development and promotional efforts of the logistics industry, in addition to enhancements to other training schemes and initiatives relating to aviation and maritime industries.

² New joiners of the logistics sector: Newly enter the logistics industry of Hong Kong within four months after completion of the courses.

³ Established in December 2001, the LOGSCOUNCIL is a forum for the Government and industry stakeholders to advise on initiatives to promote the development of the logistics industry in Hong Kong. The LOGSCOUNCIL is chaired by the Secretary for Transport and Logistics, with non-official members who are stakeholders from a wide spectrum with diverse expertise and knowledge from the supply chain sector.

1.2 Objective of the Scheme

The Scheme provides funding support to logistics industry practitioners to join the industry to attend local training courses organised by eligible organisations, trade associations, professional bodies and education/training institutes in or related to the logistics sector in Hong Kong with the aim to encourage industry training and development on –

- **Smart logistics** in terms of the adoption of logistics technology and smart solutions for the sustainable development of modern logistics industry, especially the provision of high-end and high value-added logistics services; and
- **Green logistics** in terms of enhancing the awareness and understanding of environmental protection and sustainable development as well as adoption of relevant practices for the logistics industry.

1.3 Scope of the Scheme

1.3.1 The Scheme covers training courses directly related to smart and green logistics and the related technologies to be conducted in Hong Kong whose curriculum should include but may not be limited to:

- (a) latest professional, technical knowledge and practical skills in advanced logistics practices, such as those in relation to e-logistics, special cargo handling, digitalisation, blockchain, artificial intelligence, big data analytics, robotics and automation technology, cybersecurity, environmental, social and governance (ESG), etc.; or
- (b) other logistics-specific topics that can be identified in standards, manuals or guidelines established by professional bodies, trade associations or other relevant organisations in the logistics industry.

1.3.2 All pre-approved courses must be conducted in Hong Kong. Nevertheless, the Steering Committee may consider granting approval, on a case by case basis, to refund a certain part(s) of a training module(s) conducted outside Hong Kong, if any.

1.3.3 The training courses could be conducted either online or through physical attendance in the form of, including but not limited to, short course, certification programme, seminar, webinar or online self-learning programme

1.4 Refund Amount and Principles

1.4.1 Each successful applicant will be refunded **80%** of their course fees, **subject to a maximum amount of HK\$30,000**, for the pre-approved courses.

1.4.2 Each individual may apply for course fee refund for more than one pre-

approved course, **up to a cumulative cap of HK\$30,000 per person**, under the Scheme.

- 1.4.3 The course for refund application must be completed within or after the month of its first issue on the “List of Pre-approved Courses” which will be updated from time to time. For more information on the pre-approved courses, please refer to the website of the Scheme (ptsxls.hkpc.org).
- 1.4.4 An applicant must take a pre-approved course(s) within the Validity Period for the Approved Course as listed on the “List of Pre-approved Courses” in order to qualify for application for refund.
- 1.4.5 Applicants are required to submit their applications **within 4 months** after completing the pre-approved course(s) to the satisfaction of the course provider(s).
- 1.4.6 Only the fees for enrolling in the pre-approved course(s) can be refunded. Any other charges, such as registration fees, administration fees, late charges and change of course fee charges are not eligible for refund.
- 1.4.7 The course fees of all pre-approved courses under the Scheme are in Hong Kong Dollars. The fees provided are for reference only. Course providers may make adjustments without prior notice. For any enquiries related to the latest course fees, please contact the relevant course provider(s).
- 1.4.8 All refunds made under this Scheme will be in Hong Kong Dollars. If a course provider accepts payment only in a currency other than Hong Kong Dollars, for the purpose of calculating the refund amount, the Secretariat will convert the fee at mid-market rate (i.e. mid-point between the opening selling and buying TT rates) released by the Hong Kong Association (“HKAB”) of Banks on 1 April of the year preceding the course commencement date (e.g. mid-market rate released by the HKAB on 1 April 2024 will be used for assessment for course commence from 1 April 2024 to 31 March 2025). Under no circumstances may the applicant claim for any loss arising from exchange rate differences from the Government.
- 1.4.9 Refunds will be granted on a first-come-first-served basis, until funding for the Scheme has been fully expended. If there are no remaining funds available at the time an applicant submits an application, the application concerned may not be approved for refund even if it meets the eligibility criteria. This limitation applies to all provisions in this guide.
- 1.4.10 Payment(s) will be made to a successful applicant by direct credit to the bank account nominated by the applicant. The applicant must be the **sole holder** of the account. Only **a Hong Kong dollar savings or current account** is accepted.
- 1.4.11 If an applicant does not have a valid bank account of his/her own, he/she must open one before submitting his/her application. If an applicant is under the age

of 18 and does not have a valid bank account of his/her own, please note that not all banks currently provide bank account service to persons under the age of 18. He/she should make his/her own enquiries with individual banks on their services and the related terms and conditions, including service charge, if any, and the processing time required, and make his/her own decision in choosing which bank to open his/her own valid bank account. Not being able to open a bank account on time before submitting an application will not be accepted as the reason for requesting late submission of application.

- 1.4.12 Applicants who have received/would receive other subsidies or financial assistance for the same pre-approved course(s) will not be eligible for refund under the Scheme. Applicants have to declare in their application(s) that they have not received such other sources of funding support and are not applying for such funding support at the time of application under the Scheme.

2. ELIGIBILITY

2.1 Eligibility of Applicants
