1. GENERAL

1.1 Background

- 1.1.1 The Government of the Hong Kong Special Administrative Region (the Government) has attached great importance to the sustainable development of the logistics industry. Under the Action Plan on Modern Logistics Development promulgated in October 2023, it is the Government's target to accelerate the high-quality development of logistics industry and develop Hong Kong into a sustainable international smart logistics hub focusing on high-value goods and the e-commerce markets. In supporting the sustainable development of logistics industry, as announced in the 2023-2024 Budget, the Government has injected \$200 million to the Maritime and Aviation Training Fund (MATF)¹ to provide more dedicated funding support to strengthen manpower development and promotional efforts of the logistics industry, in addition to enhancements to other training schemes and initiatives relating to aviation and maritime industries.
- 1.1.2 The traditional logistics industry is often perceived as labour-intensive and monotonous, which has posed challenges for employers in attracting younger generation to join the industry in recent years. With a view to providing support to rebrand the modern logistics industry as “Smart, Innovative, High-end” to attract more young people to join the industry, as well as to promote the strengths of Hong Kong as an international premier logistics hub to both local and overseas companies, the Government launched the Logistics Promotion Funding Scheme (LPFS, the Scheme) on 8 January 2024 under the MATF to support and encourage organisations and professional bodies to promote the smart, innovative, high-end and professional image of the logistics industry through organisation of promotional projects.
- 1.1.3 The Scheme is overseen by the Subcommittee on Infrastructure and Promotion (hereafter referred to as “SIP”) under the Hong Kong Logistics Development Council² (hereafter referred to as “LOGSCOUNCIL”).

¹ The Government established the MATF in 2014 to support the manpower development of aviation and maritime industries, so as to enhance Hong Kong's competitiveness as an international maritime centre as well as an aviation and logistics hub.

² Established in December 2001, the LOGSCOUNCIL is a forum for the Government and industry stakeholders to advise on initiatives to promote the development of the logistics industry in Hong Kong. The LOGSCOUNCIL is chaired by the Secretary for Transport and Logistics, with non-official members who are stakeholders from a wide spectrum with diverse expertise and knowledge from the supply chain sector.

- 1.1.4 The Government has engaged Hong Kong Productivity Council (HKPC) as the implementation partner of the Scheme to provide Secretariat support. This Guide to Application sets out the details of the Scheme.

1.2 Objective of the Scheme

The Scheme provides funding support to facilitate **local** promotional projects with activities highlighting modern and smart logistics conducted/organised by eligible logistics-related organisations and professional bodies in Hong Kong.

1.3 Scope of the Scheme

- 1.3.1 The Scheme provides funding support to projects directly related to the promotion of modern and smart logistics to be held **in Hong Kong**, including but not limited to the organisation of award schemes, seminars, workshops, carnivals, road-show, competitions, exhibitions, conferences, production of publicity materials etc. The target participants/recipients/audience may include students, youths, members of the logistics industry (such as logistics companies and practitioners) and the general public both inside and outside Hong Kong.
- 1.3.2 Funded projects shall be non-profit making and shall tie in with the objectives of the Scheme.
- 1.3.3 Funded projects shall be for the benefit of the industry as a whole rather than for individual enterprises and/or organisations. For example, promotional activities organised by industry associations have to be opened for both member and non-member participants. Assessment on the need, viability and cost-efficiency of proposed projects would be conducted.
- 1.3.4 Funded projects shall be implemented independently without being combined or implemented in parallel with any other projects and/or activities. The applicant organisation shall seek prior consent from the Secretariat in writing should it intend to combine or implement multiple projects and/or activities in parallel.

1.4 Funding Amount and Principles

- 1.4.3 The Scheme will only provide direct and one-off financial support to meet the cost of specified expenditure items of the approved project. Expenditures which are directly incurred for the project and featured in the approved application form within the project duration may be funded. These include:
- (a) **Manpower** – the cost of the additional manpower directly incurred for the project;
 - (b) **Equipment** – the cost of leasing of additional equipment (except general office equipment) for implementing the project; and
 - (c) **Other Direct Costs** – other costs directly incurred for the project, including -

 - ii. production and promotion cost in association with the project (such as printing and production of promotional graphics, pamphlets, posters, multimedia videos, websites, placement of online/offline advertisement, etc.);
 - iii. cost of souvenirs and prizes, which shall be capped at 20% of the total project expenditure;
 - iv. local transportation expense (by most economical means) for activity incurred by project team members that is directly related to the implementation of the project, which shall be capped at 5% of the total project expenditure; taxi fares may be reimbursed only in exceptional circumstances and justification must be given in writing;
 - v. external audit fees for implementing the project, which shall be capped at HK\$10,000 for each project; and
 - vi. trademark registration fees – trademark registration fees directly relating to the project of not more than HK\$10,000.

More detailed elaborations of the fundable expenditure items of the Scheme are at **Annex 1**.

- 1.4.4 Expenses for each category shall not exceed the cap as specified in 1.4.3. Prior and written approval shall be sought from the SIP for exceeding the limit.
- 1.4.5 Each approved project should be completed within 12 months unless otherwise approved by the SIP.

sources of funding support and are not applying for such funding support at the time of application under the Scheme.

- (A) The Secretariat will examine the applications and verify the information as set out in paragraph 3. The Secretariat may seek clarification or supplementary information from the applicant organisations in the process as necessary.
- (B) The SIP of the LOGSCOUNCIL, comprising government official from the Transport and Logistics Bureau and non-official members who are representatives and professionals from the logistics sector, would further assess all applications (except those withdrawn cases) having regard to the recommendations of the Secretariat. Having considered the recommendations of the Secretariat, the SIP would approve or reject the applications. An application that has been rejected may be resubmitted as a new application only if it has been revised substantially or supported by new information that comments made by the SIP in previous assessment have been addressed. The new application will be subject to the same assessment procedures as set out in paragraph 4.1.

4.2 Assessment Timetable

The actual processing time will depend on the number of applications received at the time, completeness and clarity of the information provided, etc. The Secretariat will complete the processing of a valid application and notify the applicant organisation after receipt of a completed application accompanied by all necessary documentation proof and clarification as requested by the Secretariat. Applicant organisations are reminded to submit the required documents as detailed in this Guide in a complete manner to the Secretariat. Failure to do so may cause delay in the processing of their applications.

4.3 Assessment Criteria

4.3.1 Applications will be assessed based on individual merits and considered on a case-by-case basis. The assessment criteria of the proposed projects include –

- (A) **Relevance of the proposed project to the objectives of the Scheme** – the project must be conducive to the development of

 - (c) the applicant organisation is in default of its obligation(s) under another grant agreement entered into with the Government

whether or not in relation to the Scheme.

4.4 Avoidance of Conflict of Interest

The remaining balance of the approved funding will be disbursed through final payment upon project completion and fulfilling the conditions under Clause 5.1.2 (a), (b) and (c).
- 5.1.4 The applicant organisations should submit the required documents specified in Clause 5.1.2 within two months after completion of the project. Late submission of the required documents may lead to withholding, reduction or cessation of the funding support for the project. Applicant organisation may contact the Secretariat for assistance if they encounter difficulties in submitting the final report and supporting documents.
- 5.1.5 The SIP and the Secretariat reserve the right to seek clarifications from the applicant organisation regarding the project.
- 5.1.6 If the applicant organisation fails to comply with the terms and conditions stipulated in the funding agreement, the Secretariat may withhold disbursement of any part of funding support to the applicant organisation and/or request return of the disbursed funding in full or in

part from the applicant organisation. Under such circumstance, the Secretariat will inform the applicant organisation of the decision and its reason.

- 5.1.7 The applicant organisation is not entitled to charge any interest or claim any compensation or relief of whatsoever nature against the SIP or the Secretariat for any payment made on a reimbursement basis or in the event of any withholding of payment for any reason whatsoever.

5.2 Account and Interest

- 5.2.1 The successful applicant organisation is required to maintain under its name an interest-bearing bank account with a licensed bank registered under the Banking Ordinance (Cap. 155) for the purpose of processing all receipts and payments of the project. All project funds (the Government funding under the Scheme disbursed by the Secretariat) should be deposited into the bank account. All payments exclusively applied to the project for which they are paid shall be paid out from the bank account. All project funds shall be kept in the bank account by the applicant organisation until such funds are spent (paid) in compliance with the funding agreement or returned to the Secretariat by the applicant organisation in accordance with the funding agreement.
- 5.2.2 The applicant organisation shall ensure that all interest generated from the project account shall be reflected in the financial statements and audited accounts of the project, and has to be kept in the project account.
- 5.2.3 Without prejudice to any other rights or remedies which the Secretariat may have, the applicant organisation may be required to compensate the Secretariat for loss of interest income if the project funds are not properly handled in accordance with the above requirements.

5.3 Books and Records

- 5.3.1 The applicant organisation shall keep a proper and separate set of books and records for the project. The books and records shall be maintained in such a manner so as to enable the production of statement of income and expenditure (items in the same format as shown in the “Project Expenditure” section of the approved application form) and balance sheet in respect of each project. All transactions relating to the project shall be properly and timely recorded in its books of accounts.

- 5.3.2 Accrual basis of accounting shall be adopted for the project. Expenditure can only be charged to the designated bank account after the equipment and goods have been received or services delivered. Accordingly, prepayments or deposits will not be recognised as expenditures for charging to the project account unless and until the equipment and goods have been received or services delivered. Moreover, the expenditure so charged shall be incurred within the project duration only. All receipts and expenditure of the project, including the subsidy amount approved by the SIP, shall be fully and properly recorded in the books and records in accordance with the funding agreement, and all requirements, instructions and correspondences issued by the Secretariat or the SIP in respect of the project.
- 5.3.3 The applicant organisation is required to maintain, during the continuance of the funding agreement and for a minimum of seven years after the completion of the project or the expiry or termination of the funding agreement, full and proper books of accounts and records of the project (including receipts, counterfoils, vouchers, quotations and tendering documents and other supporting documents). In this connection, the Secretariat, the SIP, the Government and their authorised representatives shall be allowed to have access to all or any of the books and records for conducting audit, inspection, verification and copying from time to time upon reasonable notice of such books and records at any time when such books and records are kept. When so requested in this connection, the applicant organisation will be obliged to make available all project books of accounts and records and explain to the Secretariat, the SIP and their authorised representatives any matters relating to the receipt, expenditure or custody of any money derived from the project. The SIP reserves the right to require the applicant organisation to return any misspent amount together with the interest income accrued to the Government.

5.4 Audited Accounts

- 5.4.1 For projects with approved funding exceeding \$50,000, the successful applicant organisation will be required to submit the final audited accounts of the approved project to the Secretariat from the project commencement date to the project completion date or the expiry or termination date of funding agreement (together with the final report as set out under paragraph 6.1.2) not later than two months upon project completion or the expiry or termination of the funding agreement, whichever is earlier.

The audited accounts shall contain all receipts and receivables including the funds granted by the Government under the Scheme and

payments for the project, contribution by the sponsors (if any), project income and payments for the project. The audited accounts shall also comprise Statement of Income and Expenditure, a Balance Sheet, Notes to the Accounts and the Auditors' Report. The accounts of a project shall be properly prepared from and in agreement with the books and records of the project.

Late submission of the audited accounts may lead to suspension or termination of the funding support for the project.

Any record of mishandling of public funds or lack of discipline in financial management or any breach of the funding agreement by an applicant organisation will be taken into account by the SIP and the Secretariat in considering future applications from the same applicant organisation or the project team. Any such record may prejudice that applicant organisation's future applications under the Scheme.

5.4.2 Auditing requirements

To ensure that the project funds have been solely and properly applied to the approved projects and expended/received in accordance with the "Project Expenditure" section of the approved application form, the required accounts shall be audited by an independent auditor who must be either Certified Public Accountants or Public Accountants registered under the Professional Accountants Ordinance (Cap. 50) (the Auditors).

The applicant organisation shall specify in the engagement letter for the employment of the Auditors that they shall strictly follow the requirements stipulated in the latest version of the "Notes for Auditors of Funded Organisation" issued by the Secretariat in conducting audits and preparing auditors' report for each project. The engagement letter shall also specify that the Secretariat, the SIP and their authorised representatives shall have the right to communicate with the Auditors on matters concerning the project accounts and the supporting statements. In conducting the audits, the Auditors should comply with the relevant Standards and Statements of Professional Ethics issued and updated from time to time by the Hong Kong Institute of Certified Public Accountants. In the audited accounts, the Auditors are required to express an audit opinion as to whether the applicant organisation and the accountants of the project have complied, in all material respects, with all the requirements set out in the Notes and to make full disclosure of any material non-compliance.
